TO WHOM IT MAY CONCERN

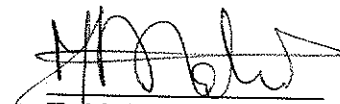

This serves to confirm that Lepelle Northern Water was satisfied with the work done by Nokulunka Pumps Enterprise for the supply service and installation of valves & pumps, during the financial period of July 2009 – November 2012. The estimated value of the work done during the period amounts to R770 000 for various orders.

They have shown a high degree of professionalism and were always willing to assist.

We therefore would recommend Nokulunka Pumps Enterprise for any similar work or project.
